**LET'S STOP
FORD'S CUTS**

**AND IMPROVE
OUR KIDS'
EDUCATION**

**TOGETHER, WE CAN ENSURE EVERY
ONTARIO STUDENT GETS THE
EDUCATION THEY DESERVE**

WE'RE SEEING THE IMPACT OF DOUG FORD'S CUTS TO PUBLIC EDUCATION ALREADY.

Parents are worried. Teachers and other educators are too. That's why we'll continue to call for the supports and classroom conditions our students need.

And while students are at the top of our list, we'll also bargain for the well-being of Ontario educators — because our working conditions are students' learning conditions.

The government has not moved in any significant way from their demands for further cuts to our public education system. In order to increase the pressure on the government and the school boards, elementary educators are forced to escalate our job action. We are fighting for the well-being of our public education system. These are some of our key priorities:

- ✔ **Protecting Kindergarten** delivered by a full-time certified Teacher and Designated Early Childhood Educator team. The government is putting this program at risk. We're fighting to protect it.
- ✔ **Smaller classes** mean more one-on-one time for every student, more focused learning, and more support for those who need it most. Smaller classes lead to better outcomes.
- ✔ **Support for students with special needs** instead of a \$235 million cut in funding for special needs supports and at-risk kids. The need for help is higher than ever and these cuts affect every student.
- ✔ **Safe and healthy classrooms for all students** require resources and supports to address violence.
